Re: Opportunity to Support 2010 MAEOE Conference

Please consider sponsorship or making a donation to the annual conference of Michigan's leading environmental education organization—the Michigan Alliance for Environmental & Outdoor Education (MAEOE). The conference will take place October 8-10 at the University of Michigan's Biological Station near Pellston, MI.

Each year, our conference inspires hundreds of educators (classroom teachers, natural resource managers, nature center and camp staff, volunteers, and others) to engage students, youngsters, and adults in hands-on learning, experiential education, environmental problem-solving, and in becoming more connected to our natural world—ensuring the future stewardship of Michigan and the Earth. This yearly professional development event provides outstanding training and networking opportunities for environmental educators statewide.

The 2010 conference features four invited speakers: **Dr. Herb Broda** from Ashland University (Ohio) and author of *Schoolyard Enhanced Learning: Using the Outdoors as an Instructional Tool*; **Dave Dempsey** (Minnesota), activist and author of many books including: *On the Brink: The Great Lakes in the 21st Century*; **Tim Grant** (Toronto, ON), co-editor/publisher of Green Teacher Magazine; and **Wendy Halperin** (Michigan), a children's book author & illustrator.

We are seeking individuals, businesses, and organizations to support the 2010 conference in order to make it accessible to all educators across Michigan. We hope you will consider becoming a conference sponsor, donating to the Conference Scholarship Fund, contributing to the silent auction, or purchasing an ad in the conference program. All sponsor logos will be proudly showcased in all conference publicity materials, MAEOE newsletter, and website, reaching thousands of Michigan residents! All contributions to MAEOE are fully tax-deductible. We look forward to hearing from you soon!

Sincerely,
Joan Chadde
2010 Conference Chair & 2009 President
